	Number of participants (if relevant)	Actions/decisions really done
Activity1: Bike rally	50	1-A bike rally launched the campaign against illegal trade in wildlife. Teachers, students of local schools, journalists, representatives of CSOs, NGOs and Environmental Activists participated in the rally. ...
Activity2: Gathering local people and authorities to sensitize about the WED 2016 and the theme “Go Wild For Life”.	100	1-T-shirts and plants were distributed among the participants.
Activity3:		
Activity4:		
Details of youth organisations that have interacted with and exerted influence within the bodies responsible for water resources decisions	South West Youth Water Forum is a renowned youth organization, based on southwest part of Bangladesh, which works on water and climate change issues to create awareness among the community people for improving the quality of life.	
Progress against project objectives including challenges faced and lessons learned ⁶ (Difficulties and approaches of solutions)	Challenges: Limited funds, Political willingness, illiteracy, etc. Lessons Learned: Level of Knowledge on nature conservation of wild life has been improved. Local authorities have been sensitized more about the importance of balancing the environment and the sanctuary for wildlife.	

Notes:

1. The reporting template has been developed to facilitate consistent and systematic documentation of project results. The information requested contributes to the overall GWP M&E system through which progress towards the achievement of the GWP work programme and strategy is assessed. The reporting procedure of the individual projects should, where possible, feed into the existing regional GWP reporting mechanisms (i.e. monthly and annual reporting processes) managed by GWP’s Regional Water Partnerships.
2. Information to be taken from original project concept.
3. Ref. *Propositions de la Jeunesse Francophone – Un Paris pour l’eau*
4. GWP’s M&E system uses the following standard classification of activities:
 - Process facilitation – *Activities contributing directly to significant planning / governance reform processes*
 - Capacity building – *Targeted activities with a clear purpose in terms of building capacity*
 - Awareness raising – *General activities designed to raise awareness*
 - Meetings – *Meetings initiated by the project*

- Participation – *Participation / contribution to activities or processes initiated by others*
 - Knowledge products – *Publications and other products*
- 5. Refers to formal change processes such as policy development, action planning, institutional reform, etc., through which the desired project impact will be achieved.
- 6. A critical assessment of what was achieved vs. what was planned
