GWPO Privacy Policy

Global Water Partnership (GWP) is a global action network of Partner organizations. All GWP Partners are registered in the GWP Network Database. The GWP Privacy Policy sets out Partner organisations’ privacy rights regarding the collection, use, sharing and protection of the information provided in the Partner Application and subsequently stored in the GWP Network Database. Organisations agree to the GWP Privacy Policy when submitting their Partner Application.

1. Purpose of Collecting Partner Information

Global Water Partnership Organisation (GWPO) collects information necessary to fulfill the identified purposes. When applying to become a Partner of GWP, organizations are asked to provide information such as name of organization, field of work, type of organization, contact details and contact person. Information on Partners is collected for the following purposes:

- To maintain an accurate Network Database
- To conduct internal surveys and consultations
- To notify Partners about GWP activities, through email, newsletter, brochures, reports etc.
- To notify Partners about governance meetings

2. Disclosure and Retention of Partner Information

Partner information is safeguarded by GWPO in the GWP Network Database. GWPO does not trade or sell any information about its Partners to third parties outside the GWP Network. GWPO does however publicly disclose certain information about Partner organisations on the GWP website to promote knowledge sharing and further the implementation of the mission of the GWP Network. The following information, provided in the Partner Application, is made publicly available on www.gwp.org:

- Name of Organisation
- Website
- E-mail address
- Telephone number
- Sector
- Country and Regional Water Partnership

GWPO reserves the right to disclose data, which does not identify individuals, for statistical purposes to assess, improve and promote the GWP Network and GWPO. Partner information is stored in the GWP Network Database and in hard copy files. Electronic information, except that stated above, is stored in computers is password protected. Any backup disks and hard copy paper files are kept in locked cabinets.

3. Access and Amendments to Partner Information

Partners are entitled to access their information in the GWP Network Database. GWPO will provide access to the information after confirming the request has been made by an authorised representative on behalf of the Partner.

Amendments to information regarding the Partner will be made after confirming the request has been made by an authorised representative on behalf of the Partner.
