

Celebrating 10 years of mobilising change in climate resilient water investments

Wednesday, June 2, 2021 2:00 PM to 3:30 PM CEST

CONNECT & CELEBRATE!

Over the past ten years, GWP has supported communities across four continents build climate change resilience through better management of water resources. This work would have been impossible without partnerships.

Join us in celebrating the past 10 years with a virtual tour of five regions' stories of change, and planning for the next decade together.

Date & time: 2 June 2021, at 2.00 – 3.30 PM CEST

Register here: [Meeting Registration - Zoom](#)

Live broadcast: facebook.com/globalwaterpartnership

Time/CEST	Draft Agenda

During this celebration we will launch [Mobilising Change: 10 years of climate resilient water investments - stories of change](#) which collectively influenced more than €1.2 billion in water investments over the last decade. This track record is the foundation of our next ambitious goals, including influencing more than €10 billion in water-related investments over the next six years to advance water security for more than four billion people living in 60 countries and 20 transboundary basins.
