

# Building Strong Water Security Partnership through Integrated Water Security Open Program

**Online Southeast Asia Regional Workshop  
Integrated Water Security Open Program**

14 September 2022

Global Water Partnership for Southeast Asia

# House Keeping Rules

- This online workshop will be recorded.
- Please change your zoom id to this format: name – country - organization
- Please mute your audio when the moderator and resource persons are speaking/presenting.
- During the question and answer (Q&A) session please raise you hand (via zoom) if you wish to speak, once the moderator asks you to speak, you may unmute and turn on your microphone, once you have finished speaking, please mute your speaker again and un-raise your hand. You may also post your question in the chat box.
- During the group photo, if possible, we will kindly request participant to turn on the camera
- For polling session, we will use **mentimeter**. Please kindly prepare your cellphone to join the poll. Please go to your browser and type: **www.menti.com** and insert the code: **2616 9743** or you can use your browser in your laptop (cellphone is recommended)
- We kindly request to fill the attendance list in google form. Material and slides will be available in the google drive (both links will be shared in the chat box)

## Agenda

- Housekeeping rules and admission of participants
- Icebreaking and refreshment poll – Menti meter
- Opening Remark by Dr. Inthavy Akkharath, Chairman of GWP-SEA
- Opening Remark by Dr. Yumiko Yasuda (Senior Network and Transboundary Water Cooperation Specialist, Global Water Partnership)
- Keynote speech Prof. Kenzo Hiroki , Professor, National Graduate Institute for Policy Studies (GRIPS) and Coordinator of High-level Experts and Leaders Panel on Water and Disasters (HELP)
- Video testimonies by Representative Organisation in Asia-Pacific and countries on “Working in Silos”
- Group picture
- Presentation and demonstration on Integrated Water Security Open Program (Mr. Fany Wedahuditama, Regional Coordinator of GWP Southeast Asia)
- Question and Discussion Session (Moderator: Megan Knight, Senior IWRM Expert for Asia Region, GWP)
- User-trial experience on Action Mapping & Alignment Platform (Mr. Fany Wedahuditama, Regional Coordinator of GWP Southeast Asia)
- Question and Discussion Session (Moderator: Megan Knight, Senior IWRM Expert for Asia Region, GWP)
- Next steps and closing Dr. Inthavy Akkharath, Chairman of GWP-SEA

# Mentimeter

Please go to your browser and type: [www.menti.com](https://www.menti.com)

Insert the code: **2616 9743** or you can use your browser in your laptop (cellphone is recommended)

# Opening remarks: Dr. Inthavy Akkharath

- Director General, Department of Water Resources, Ministry of Natural Resources and Environment, Lao - PDR
- Chair of ASEAN Working Group on Water Resources Management
- Chair of Global Water Partnership Southeast Asia

# OPENING REMARK: DR. YUMIKO YASUDA

- Senior network and transboundary water cooperation specialist at the Global Water Partnership (GWP)
- the lead faculty of the MOOC on the Governance for Transboundary
- was a postdoctoral researcher at the Hague Institute for Global Justice and the International Centre for Water Cooperation;
- obtained her PhD from the Centre for Water Law, Policy and Science at the University of Dundee
- Her research on the Mekong culminated in the publication of a book entitled Rules, Norms and NGO Advocacy Strategies: Hydropower Development on the Mekong River

# KEYNOTE SPEECH

## Professor Kenzo Hiroki

- Professor of national graduate institute of policy studies (GRIPS) and coordinator of high-level experts and leaders panel on water and disasters (HELP)
- Member, executive board of international lake environment committee (ILEC), bureau member of OECD high-level risk forum
- Member of international advisory committee, Sichuan University, china.

Water for People

# IWRM

**Integrated Water Resources Management (IWRM)** is a process which promotes the **coordinated development** and **management** of water, land and related resources in order to maximise economic and social welfare in an equitable manner without compromising the sustainability of vital ecosystems and the environment.

# Key problems with coordinated development & management (partnership/collaboration)

Competing rule  
of the game

Competing  
plans

Resources  
competition

Absence of big  
picture

**Working  
in silos**

# Proposed solution:

## Integrated Water Security Open Program

Integrated water security open program is a **multi-stakeholder program** that aims to **mobilize actions** in support of achieving **water security goals** through the **implementation of IWRM principles, Sendai Framework, Source-to-Sea approach** by providing a **space for alignment of actions (component #1) and dedicated support facility (component #2)**

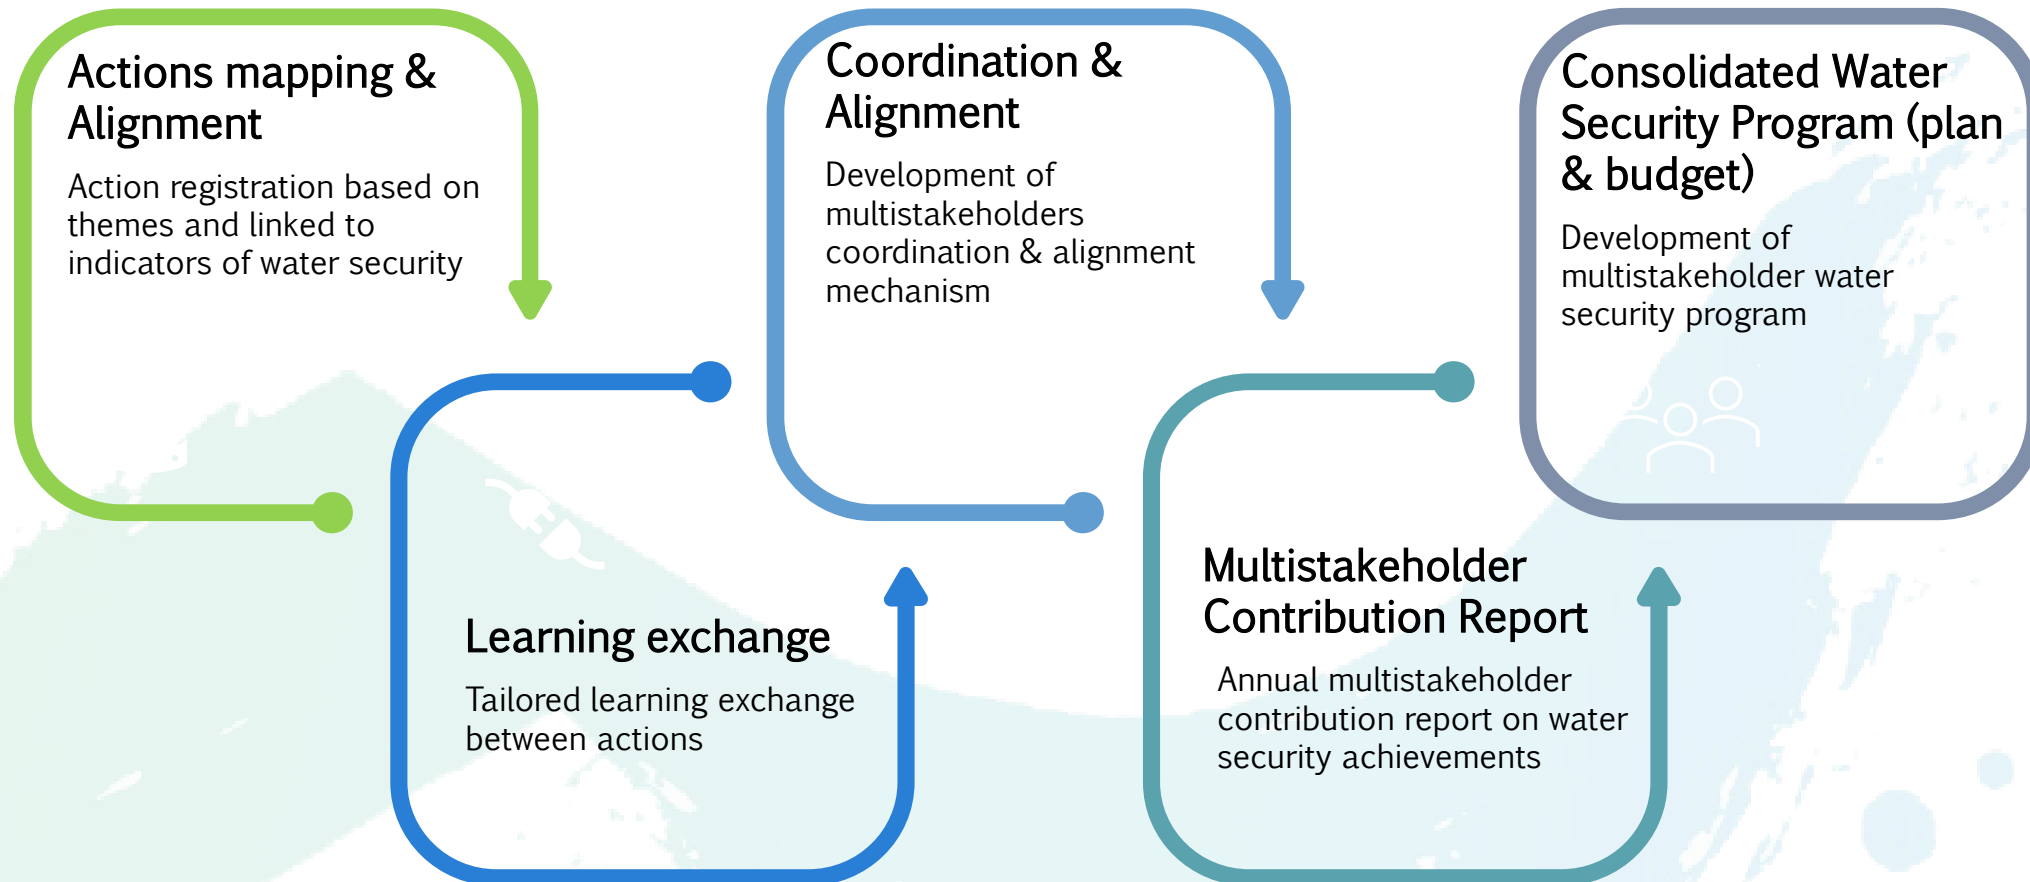

# How does it help to solve the problems?

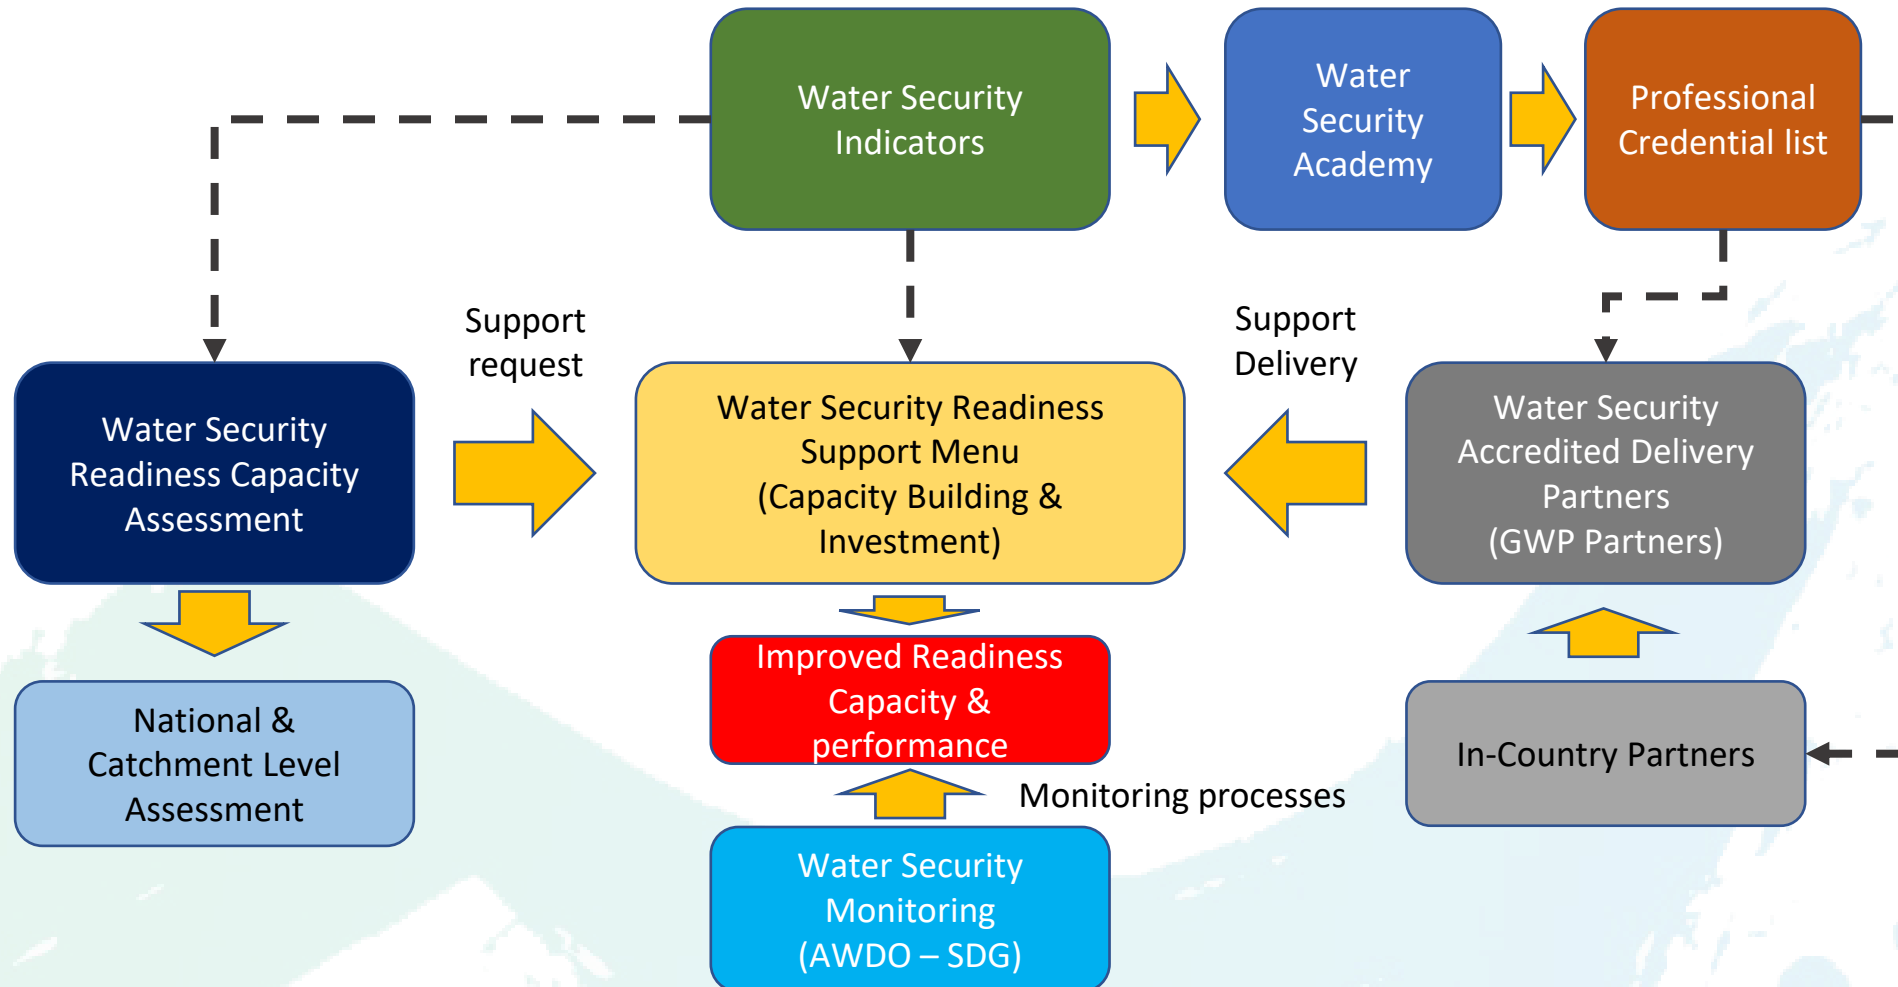

## Action alignment platform

- Component #1

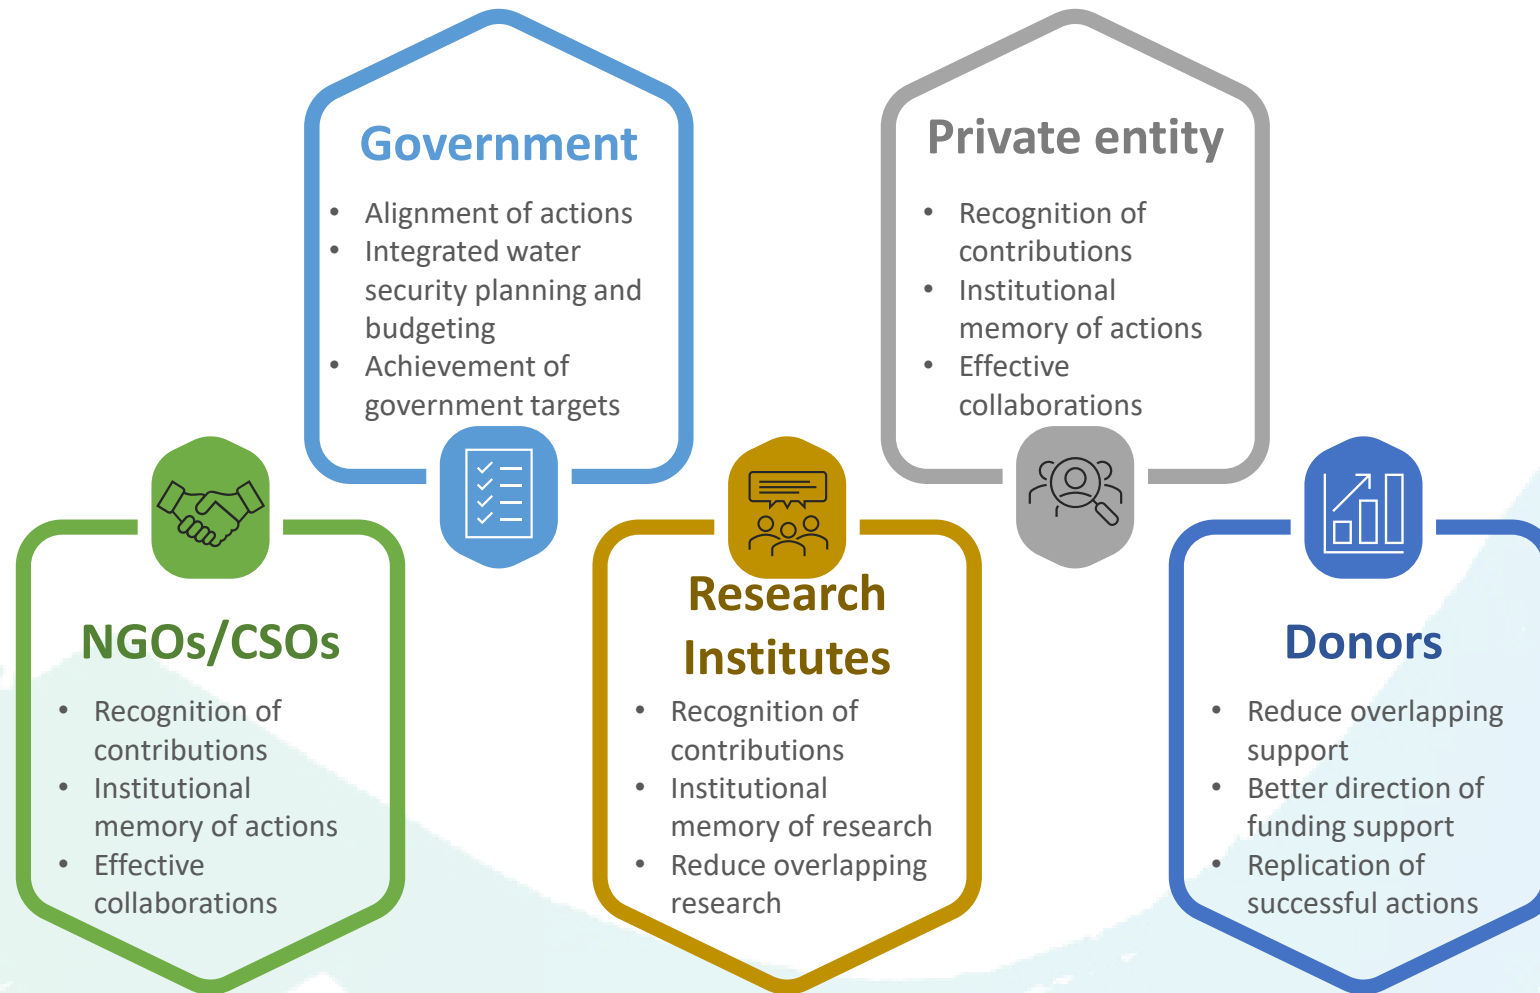

# Support Facility

- Component #2

# What's in it for me?

# What is the end game?

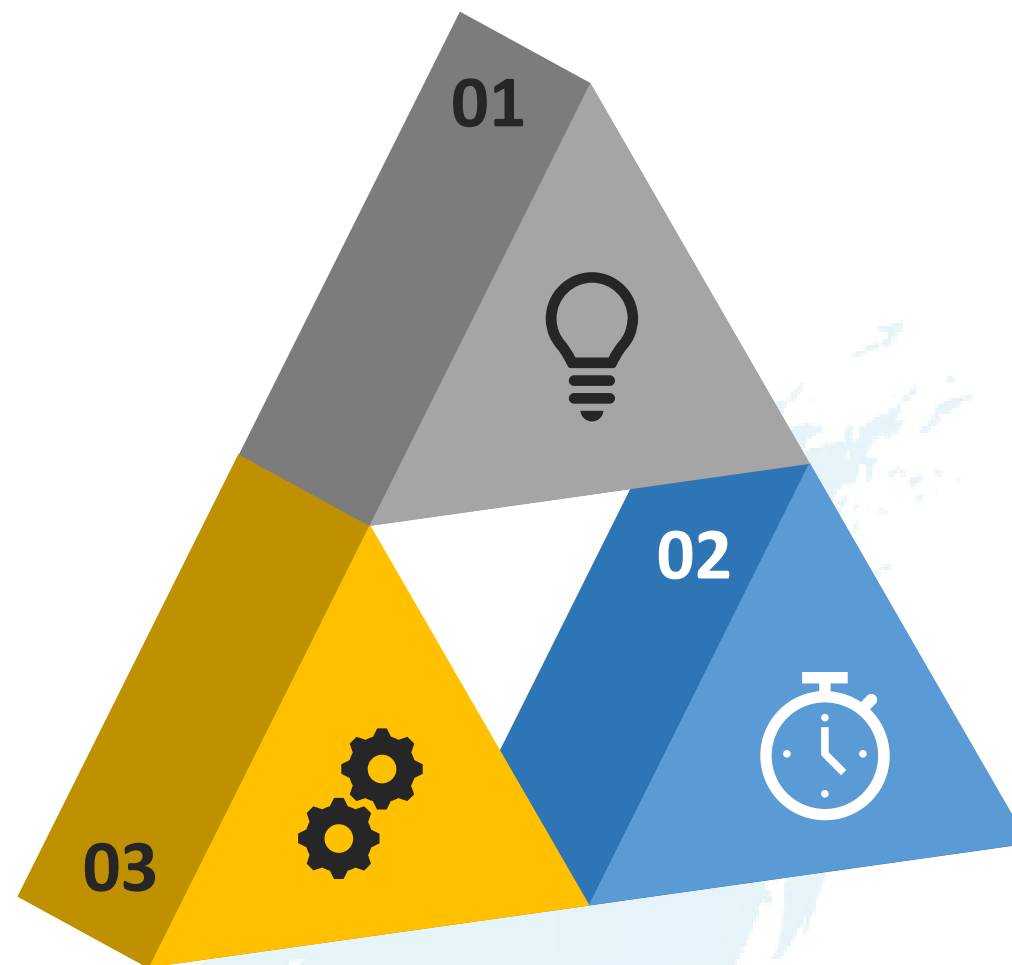

**Sustainable, inclusive  
& resilience water  
governance**

**Consolidated water  
security Action  
planning**

**Effective alignment  
mechanism in place**

# Piloting Open Program in Southeast Asia

## LEARNING EXCHANGE & ALIGNMENT MECHANISM DEVELOPMENT

Facilitation of alignment mechanism development with all stakeholders

## EXPRESSION OF INTEREST (EOI)

Submit Eoi to GWP Southeast Asia

4

## STAKEHOLDER CONTRIBUTION REPORT

Development of annual stakeholder contribution report

3

## COUNTRY OPEN PROGRAM DASHBOARD

Specific country dashboard will be developed (English – Local languages)

Short Profile \*

Rich text editor interface showing the Short Profile content. The editor includes a toolbar with icons for bold, italic, underline, list, link, image, and text color. The content area contains the following text:

The Global Water Partnership (GWP) is a global action network with over 3,000 Partner organisations in 183 countries. The network has 86 Country Water Partnerships and 13 Regional Water Partnerships. Global Water Partnership Southeast Asia (GWP-SEA) is one of 13 Regional Water Partnerships and the oldest network of GWP. GWP-SEA has strong regional networks and partners in all sectors as well as Country Water Partnerships (CWP's).

Today there are CWPs in all 8 countries in the region, namely Lao PDR, Cambodia, Myanmar, Thailand, Viet Nam, Indonesia, Philippines and Malaysia. These CWPs have growing number of GWP partners who represent a wide diversity of sectors e.g. water management, agriculture, education, environment, professional organizations, development banks, rural & community development organizations, government institutions, NGOs, INGOs and so forth.

GWP-SEA secretariat is based in Jakarta, Indonesia, c/o Ministry of Public Works & Housing of the Republic of Indonesia. On legal basis, GWP-SEA is hosted by PT. Binatama Wirawreda Konsultan (BWK).
