

Terms of Reference – Partnerships and Strategic Initiatives Internship

Duration: minimum 3 months with possible extension up to 6 months

Start Date: January/February 2019

Supervisor: Molly Robbins, Programme Officer

Context

GWP's vision is a water secure world. To realise this vision GWP supports countries to advance governance and management of water resources for sustainable and equitable development. This is pursued by promoting Integrated Water Resources Management (IWRM), a cross-sectoral policy approach designed to replace the traditional, fragmented sectoral approach that has led to poor services and unsustainable resource use. As a means to achieving long-term impact towards water security, GWP seeks to influence water governance processes through the promotion of IWRM principles. Policy development, strategic planning, legislative change, investment planning and transboundary agreements are examples of such processes and it is here that GWP actively contributes both inside and outside the 'water box' at the global, regional, national and subnational levels. The intern will provide general support to the broader PRM team according to need.

Assignments include:

1. General support to Partnerships and Resources Mobilization (PRM)

- Case-specific research, analysis and writing to support PRM and programme activities at the GWPO Secretariat and throughout GWP's network
- Development of PRM-related communications materials, including Powerpoints, reports, and social media content
- Development and updating of PRM tools, including databases and mapping documents
- Support to PRM-related aspects of GWP programmes, particularly the SDG Support Programme

2. Support to the development of GWP Strategy 2020-2025

- Support to the information gathering and consultation process for the strategy
- Development of materials related to the strategy, including analyses and perspectives papers
- Support to the design of the launch and outreach campaign around the new strategy and associated products

3. Support to GWP's SDG Support Programme

- Collection and analysis of the latest information and materials on innovative SDG developments
- Support in developing communications and outreach materials for different audiences
