GWP Central Asia and Caucasus (GWP CACENA) c/o ICARDA-CAC (GWP CACENA/IWMI), Apt 123, Block 6, Osiyo str,  
Tashkent, 100000, Uzbekistan Tel: +998 712 652 555, Fax: +998 711 665 097 Website: [www.gwp.org](http://www.gwp.org)

## 1. Internet lesson on improvement of sanitation in Ger & Yurt regions of Mongolia

Date: 2 June 2020

Place: Ulaanbaatar, Mongolia

Organizer: CWP-Mongolia

Format: Facebook

This lesson was devoted to modern technology of sanitation as well as the CWP-Mongolia activity in this regard.

## 2. Public Hearings on implementation of National Sustainable Development Goals up to 2030

Date: 3 June 2020

Place: online

Organizers: Ecological Party of Uzbekistan, Committee on Ecology and Environmental Protection of the Legislative Chamber of the Oliy Majlis of the Republic of Uzbekistan, UN Office, CWP-Uzbekistan

Participants noted that the Ecological Party and its deputies in the lower house of the Parliament in partnership with state and international organizations, including CWP-Uzbekistan are conducting systematic work aimed at involving public in achieving the National Sustainable Development Goals, implementing programs and projects on environmental protection and rational use of water resources of Uzbekistan. It was noted that activity is directly aimed to achieve specific results on SDG 6, 13, 15.

According to a good tradition, on this day, CWP-Uzbekistan organized an award ceremony for journalists who most actively cover issues on the rational use of water resources and the introduction of water-saving technologies.

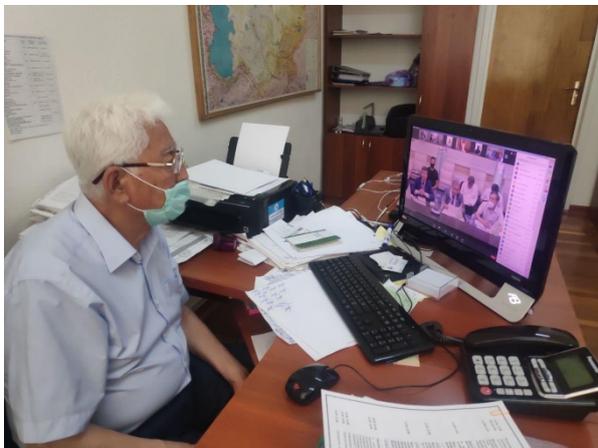

## 3. Regional Online Presentation of the 2020 UN World Water Report "Water Resources and Climate Change"

Date: 9 June 2020

Format: online webinar

Organizers: UNESCO Office in Almaty, UNECE

CWP-Uzbekistan took part in the event. Participants were informed on the main findings and recommendations in the UN report "Water and Climate Change". National and international experts presented reviews on the impact of climate change in Central Asia as a whole and in agriculture, energy, disaster risk reduction and human health. Participants discussed possible measures to adapt and mitigate the effects of climate change in the context of sustainable water resources management in the region.
