sediment management in the Drina River Basin***

SUBMISSION OF OFFERS BY: 11 February 2022, at 17:00h CET

MAX AVAILABLE BUDGET: EUR 35.000€ including VAT.

This amount includes all other costs, income taxes, VAT and any other amount payable or cost that may be required for the completion of the work/service, including travel-related costs.

Description of the Assignment

GWP-Med is announcing the present Call for Offers for the Development of a Project Document for an intervention on improving sediment management in the Drina River Basin, in the framework of the SEE Nexus Project (“Promoting the Sustainable Management of Natural Resources in South-eastern Europe, through the use of the Nexus approach”), funded by the Austrian Development Agency (ADA).

The overall objective of the SEE Nexus Project is to introduce the Nexus approach in South-East Europe (SEE) and catalyse action for its adoption and implementation.

The aim of the Assignment under the Call is to prepare a full Project Document for an intervention on improving sediment management in the Drina River Basin, and to identify viable opportunities for its financing, thus assisting the implementation of the Sediment Management Plan for the Sava basin, with regard to its Drina sub-basin.

For a detailed description of the Assignment, please refer to the respective ToR.

Procurement

The procurement will proceed having regard to:

- ✓ General principles of EU law on procurements.
- ✓ Internal Rules and Regulations of MIO-ECSDE/GWP-MED which can be found at <https://mio-ecsde.org/about-us/our-accountability> and at <https://www.gwp.org/en/About/who/Governance-Funding/>.
- ✓ The present CALL FOR OFFERS and its supporting documents.

Requests for clarifications should be submitted by email, the latest, seven (7) days before the closing date of this call for offers.

The answers / additional information will be published on the website of GWP-Med four (4) days before the closing date of this call for offers.

Eligibility Conditions – Participation Requirements

Participation in the present call for offers is open, on equal terms, to any natural or legal person or entity who meet the legal, financial and technical conditions laid down in this Call where they possess adequate professional experience and capacity.

Grounds for exclusion – disqualification (ON/OFF)

Participants should verify by submitting a **solemn declaration** (annexed to the present Call) that they are not bankrupt or subject of proceeding for a declaration of bankruptcy, that they are in good standing, operate under no legal restrictions, are not under any liquidation procedure or the subject of proceedings for declaration of liquidation or any similar situation and that they have not been convicted for any one of the following legal offences: participation in a criminal organization, corruption, bribery, fraud, money laundering, terrorist, child labour and human trafficking.

Please refer to the **Solemn Self-Declaration Statement in Annex 1 which should be filled in and signed as indicated. Failure to comply with the requirements included in the Self Declaration is considered ground for exclusion.**

Selection Criteria (Pass/Fail)

Successful participant (Natural or Legal Person or Entity):

- Must have a record of minimum 3 projects over the last 10 years of comparable budget, nature and degree of complexity relevant to those required for this Contract.
- Must be enrolled in one of the official professional or trade register kept in their country of registration.
- The proposed Team Leader must have
 - o University diploma (MSc or equivalent) in a field relevant to the Assignment (e.g. Water resources management, Natural resources management, Environmental management, Hydrology, Hydro engineering, Civil or Environmental engineering)
 - o Excellent oral and written communication skills in English.

Failure to provide the minimum required criteria is considered ground for disqualification

Qualification and Experience

Participants in the call are required to have solid experience in developing and managing complex projects in the field related to the tasks described in the ToR. This needs to be demonstrated in the **Technical Offer** to be submitted as part of the application. A template for the Technical Offer form is available in the Call for Offers.

The Technical Offer Form consists of the following sections:

- Section 1: Expertise and work experience
- Section 2: Approach and Methodology

The required and desired qualifications are presented below. **Failure to provide the minimum required qualifications is considered ground for disqualification.** Qualifications additional to the minimum requested per category will receive additional score under the evaluation process as described in the section “Evaluation Process and Awarding Criterion”. In the case of a team of experts / company, the required qualifications apply only for the Team Leader, whereas the desired qualifications apply cumulatively.

Work experience (Required):

- Minimum 15 years of professional experience in the field of water resources management
- Minimum one assignment/project directly relevant to the management of sediment in river basins.

Work experience (Desired):

- Minimum 3 assignments/projects directly relevant to water resources management in transboundary river basins
- Minimum 1 assignment/project directly relevant to water resources management, implemented in Montenegro and/or Bosnia and Herzegovina and/or Serbia
- Knowledge of one of the languages spoken in the Drina basin.

Awarding Criterion and Evaluation process

The Award criterion is the most economically advantageous tender on the basis of best price / quality ratio.

Offers qualified in terms of exclusion grounds and selection criteria will be further evaluated on the basis of the requirements presented under section “Qualification and Experience”, as follows:

(1) Criterion	(2) Weighting (w)	(3) Points of criterion (c)	(4) Score = (2) x (3)
Section 1: Expertise and work experience	75% total		
Required			
2.1 Minimum 15 years of professional experience in the field of water resources management	10%		
2.2 Minimum one assignment/project directly relevant to the management of sediment in river basins.	30%		
Desired			
2.3 Minimum 3 assignments/projects directly relevant to water resources management in transboundary river basins	15%		
2.4 Minimum 1 assignment/project directly relevant to water resources management, implemented in Montenegro and/or Bosnia and Herzegovina and/or Serbia	15%		
2.5 Knowledge of one of the languages spoken in the Drina basin	5%		
Section 2: Approach and Methodology	25% total		
Approach to the requested Assignment: detailed description of the methodology how the Participant will achieve all objectives and tasks and deliver all outputs as described in the Terms of Reference of the assignment, keeping in mind the appropriateness to local conditions.	20%		
Risks / Mitigation Measures: description of the potential risks for the implementation of this assignment that may impact achievement and timely completion of expected results as well as their quality. Describe measures that will be put in place to mitigate these risks.	5%		

Scoring for each evaluated section will be made as following:

Section 1 – Expertise and work experience: For Section 1 score starts at 100 points (when minimum requirements are met) and can reach 150 points depending on the description of the participant and the number of projects implemented in excess of those required as a minimum. (100p Base +10p for extra criteria over base up to 50 additional points)

Section 2 – Approach and Methodology: For Section 2, score starts at 100 points and can reach 150 points depending on the length, detail, depth, and structure of the information provided.

Each Section/evaluation criterion is evaluated autonomously. The final scoring of each evaluation criterion is the outcome of its scoring multiplied by the corresponding weighting factor. The overall score of the technical offer is the sum of the final scoring of all the Sections/evaluation criteria.

The overall score of the technical offer is calculated on the basis of the following formula:

$$B_i = w_1 \times c_1 + w_2 \times c_2 + \dots$$

For the overall score which will determine the ranking of offers, technical evaluation will be weighted with 80%, and the financial offer with 20%.

The final listing of the most advantageous offers will be made on the basis of the following formula:

$$\Lambda_i = 0.8 * (B_i/B_{max}) + 0.2 * (K_{min}/K_i).$$

Where:

- Bmax: the max score received by the best of the technical offers received
- Bi: the score of the technical offer
- Kmin: The cost of the financial offer with the minimum price offered.
- Ki: The cost of the financial offer

The most advantageous offers is the one with the greater value of Λ .

In case of equality of overall scores, the winning proposal is the one whose corresponding technical proposal received the highest rating.

Duration of the Contract

The overall duration of the contract will be maximum 6 months.
