Description of the Assignment

GWP-Med is announcing the present Call for Offers for the Construction of a Wastewater Refill Station and the Expansion of the Irrigation Network in Spyros Kyprianos Park, in the Municipality of Aglantzia, Cyprus, in the framework of the “Mission Water Cyprus: Blue for Green” project.

Since 2013, GWP-Med, the Coca-Cola Foundation and system, and national and local partners in Cyprus have, through the Mission Water Programme, contributed to water efficiency and related authorities’ and stakeholders’ engagement objectives through local technical interventions of demonstration content and awareness raising activities, contributing to national and local priorities and plans. Within these, 19 technical interventions have materialized, yielding an annual water volume of 40 million liters, directly benefitting more than 83,000 people in the country.

Building on global and Mediterranean best practices and responding to national political priorities and local operational plans, the “Mission Water Cyprus: Blue for Green Project” aims at:

- Increasing water efficiency and utilising replenished water in support of municipal green spaces in Cyprus, contributing to water security and climate change adaptation
- Creating awareness for users, visitors and citizens, on the value of water as key factor towards sustainability.
- Improve management of water resources through partnerships via increasing capacities, advancing advocacy, dialogue and knowledge sharing, with youth and gender engagement.

For a detailed description of the Assignment, please refer to the respective ToR.
